## *Praise the Lord!*

"Give thanks to the Lord, for He is good!  
His faithful love endures forever". Psalm 106:2

We have sensed God's goodness in each and every step we took through the past months. He has overwhelmed us with His love and peace along the way...

He is worthy of all our praise and words of gratitude... for He is good all the time and His faithful love endures forever. Praise Him along with us for He is indeed worthy!

## *A word from Ruba*

"How is AWT different?" A question I am always asked and excited to answer, because AWT ministry has several qualifications which distinguish it from other media or on ground ministries; It is a strategic ministry because it targets all women in the Arab region, ages 18 - 55 years. It is also a unique ministry because it is the only ministry to women on air, on line and on ground.

I encourage you to visit our English website: [www.awtministries.com](http://www.awtministries.com) to learn more about AWT's activities and needs.

Thank you for your interest in what God is doing among Arab women through AWT.

## *Couples Conference - More than Intimacy* May 09 - 10, 2008

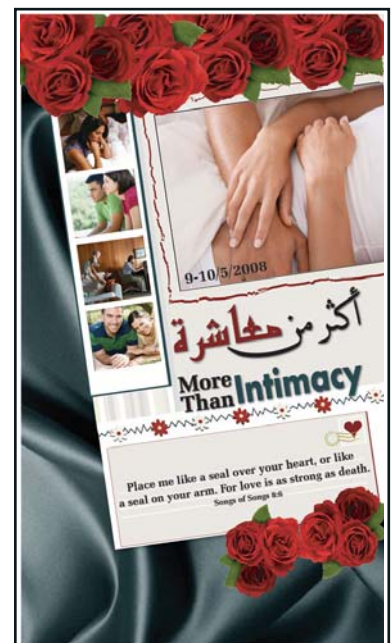

The Conference "More than Intimacy" was for two days and around 22 couples attended this conference. Our guest speakers were Pastor Fred and Dr. Christen Beasley. They are professional speakers from Scottsdale Bible Church in AZ. Their ministry concerns women, family issues and counseling for couples. The subjects approached in this conference included:

Achieving intimacy in marriage, Communication in marriage, Understanding and resolving conflict, Seasons of a woman's life / Seasons of a man's life (individual sessions), Motivation - session for women only, Job Performance - session for men only, and Stress and life management. As noticed above some topics were given to men only and others to women only through two separate sessions. Doing such a thing gave us more interaction opportunities with the speakers and a good time to talk freely about mutual issues men and women go through and gain experience from one another while sharing.

The couples learned together new things that met their needs, answered their wonders, and relieved their confusions.

Our couple guest speakers gave two other workshops in two different cities. The subject of "Achieving Intimacy in Marriage" was noticed to be a great need among the couples all around the different places we went to.

## Our Radio Program

We have started a new season for our radio program. The radio episode is now in the form of a drama, acting sketch that discusses many vital daily issues that people face at home and work; like: Girls early marriage, Environmental Pollution, Physical violence against wives, Why kids steal?, and Abortion. The spiritual message is presented in the last 3 minutes. we pray that this new form for the program would be closer to the hearts of those who like listening to oral stories. The radio program is still produced twice a week.
